

## Outsourcing Capability

### About Supremesoft

Supremesoft is a Global Information Technology, Consulting and Outsourcing company. Supremesoft develops and offers solutions for businesses through cutting edge IT services that aid in improving productivity and profitability of the organization's IT infrastructure. Supremesoft delivers information technology solutions through Consulting and Turnkey Projects that are accepted either on a Time and Materials (T&M) or Fixed Price engagement.

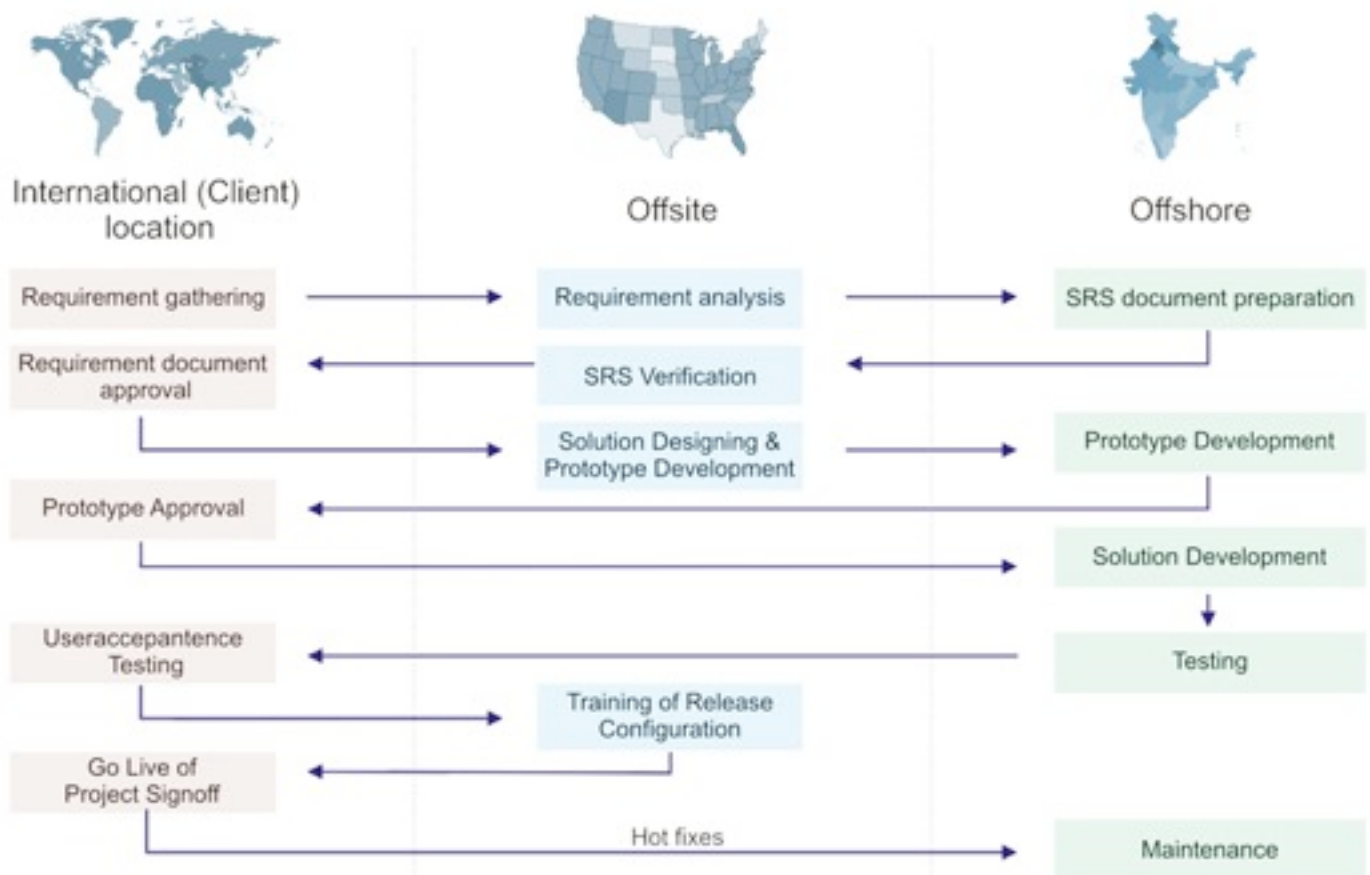

*Driving Business Value into Enterprises*

**Supremesoft**  
Thoughts Delivered.

*The driving force behind this next step in business evolution is the recognition of the capabilities of the offshore worker and then even greater cost savings when you offshore higher value –added jobs.*

### What is your company's global strategy now?

Outsourcing on – and offshore is not just an option. It has become a critical success factor for any viable strategy in an increasingly cost conscious global economy. Outsourcing is fueled by the need for competitiveness, the growing demand for technical talent, and pressure on business to capitalize on modern infrastructure and high- tech systems.

**Our Hybrid Software Development Model**

Our Offshore Development Center is a virtual extension of the client team. With state-of-the-art development facilities, high speed communication equipment, a dedicated pool of experienced software professionals, network security, IPR Protection Mechanisms, our offshore development team provides high quality products and helps our clients achieve their goals.

**Business Performance | Profitability | Competitiveness**

*Our Software Development & Enhancement Practice develops, maintains, enhances, optimizes software and provides Application support for clients worldwide. Our Engineering Process Group uses a robust and latest Quality Assurance Process and Application Architecture and Design that consistently exceeds client expectation by helping them increase in their Business Performance, Profitability and win in this global Competitive market place.*

Supremesoft is committed to providing excellent Business Process Outsourcing (BPO) services to our clients at cost effective rates. Supremesoft has a proven track record of adding value to our clients' bottom-line and maximizing process efficiencies using our PROMISE model. With the resources provided by Supremesoft, our clients are able to successfully manage their business without the hassle of time-consuming procedures. As a result, our clients are able to focus on what they do best---their core business.

## Benefits

**Reduced Costs:** Low labor cost translates to dramatic savings in overhead costs.

**Excellent Results:** Highly skilled resources means high-impact results.

**No extra Expense:** No added infrastructure costs.

**Access to the Most Optimal Resources:** Clients can have access to the best possible technology, skilled manpower and equipment.

**24/7 Productivity:** Project is not affected by time-zone difference.

Supremesoft's BPO offering is augmented by our dedicated project management teams who vigilantly oversee projects from inception to completion, resulting in cost efficiencies and optimization of processes. The secret to our success is the Continuous Quality Improvement (CQI) approach whereby we consistently fine-tune processes.

We are a firm believer in strong ethical business practices and maintain impeccably high standards. We operate at the highest level of integrity, with our people, our clients, other stakeholders and our communities.
